

St Paul's Primary School Mount Lawley

1:1 Learning Device program in Year 4 for 2018 - Parent Information Evening

18 July 2017

Dear Parents

In our ever changing world, our students need to develop a wide array of knowledge, skills, understandings, attitudes and values to become successful life-long learners, creative individuals and informed citizens.

The West Australian Curriculum mandates the provision of opportunities for students to develop, enhance and consolidate seven general capabilities:

1. Literacy
2. Numeracy
3. Information and communication technology (ICT) capability
4. Critical and creative thinking
5. Personal and social capability
6. Ethical understanding
7. Intercultural understanding

With these goals in mind, we are continuing our very successful **1:1 Learning Device program in Year 4 for 2018**.

All parents in the school, particularly those with students in Year 4 in 2018, are invited to attend an information session in the Barbier Hall on **Thursday 10th August** at 6.00pm to gain information about the program, including:

- the education imperatives of a 1 to 1 program,
- the device to be used and why it was deemed to be the best for students at St Paul's
- technical issues
- information about the costs involved and the payment options
- warranty and insurance issues.

If you have any questions that you would like to have addressed regarding the implementation of the 1 to 1 program, please feel free to drop us an email at admin@stpaulsmtl.wa.edu.au and mark it attention Jesse Yock.

I would appreciate it if you could complete the slip below and send it back by Monday 31 August, so that we can get an accurate gauge as to the number of parents who will be in attendance.

Yours sincerely

Joanna Noonan
